<h3 style="background-color:red;">Department profile</h3>
<p >Muthoot Institute of Technology and Science (MITS) Puthencruz was established in May 2013. The Department of Computer Applications (CA) is the youngest in the MITS family. The department offers the postgraduate programme, Master of Computer Applications with an annual intake of 60 students. The department boasts a rich knowledge pool of faculty who are well-trained and efficient. Holistic Education is a unique course through which students are given training on personal, interpersonal and societal skills to instill desirable qualities as both an employee and global citizen. The overall growth of students, along with academia is our top priority. We provide excellent academic ambience in curricular, co-curricular and extracurricular initiatives, facilities and teaching-learning experiences.</p>
<br>
<h3 style="background-color:red;">Message from the HoD</h3>
<p>The Department of Computer Applications is dedicated to ensuring great careers for students joining to pursue a Postgraduate degree. The excellent infrastructure, Training and Placement Cell and teaching faculty of the best kind ensure quality education with a key to assuring a bright future for the students. The department as a team constantly strives to thrive and excel in the world of Computer Applications.</p>
<p>We offer a good number of certificate courses and training programmes periodically for providing a wide spectrum of options to the students to pursue their interests. Students are encouraged to undertake various research projects, internships and competitions.</p>
<p>The state-of-the-art infrastructure consisting of well-equipped laboratories, high-speed internet connection, high-end computing facilities, smart classrooms and library access to a wide range of electronic databases, e-journals, and online books which in turn assist the productivity of the students are the other highlights of the department. We foster, promote and sustain education and provide a holistic environment to students. Our department sensitizes the students to serve for environmental, social and ethical needs of society through lifelong learning.
<br>

<p>We invite you to be part of this unique transformative experience with MITS.</p>

More Details

Tourist attractions

Srayilkkadavu Sunset Point

Srayilkkadavu Sunset Point is a tourist attraction located in Changaramkulam, Kerala.
The street address of this place is Nannammukku, Kattakampal - Changaramkulam Rd, Changaramkulam, Kerala 679575, India. It is about 6.27 kilometers away from the Kumaranallur railway station.

Mookkuthala Temples

It is believed that this temple is founded by Sree Sankaracharya swami. Deity is Swayambhoo. Raktheswaram Siva, Kolanchery Narasimha, Kannenkavu Bhadrakaali, Melekkavu, Keezhekkavu charyar in a rock are sub deities here. Large number of devotees come here for whorhipping devi to get rid of diseases and evil spirits.
It is recorded that Udhanda Sastri, Kakkassery Bhattathiri, Melpathur, Poonthanam, Kodungallur Kunjikuttan Thamburan, Vaidyaratnam Aarkara Raman Namboothiri, Brother of Kunhan Nambiar and so many others used to worship here.

Ayurvedha And Yoga

Praaanadha Ayurveda Hospital, located in a beautiful village in Kerala, named Mookuthala, is surrounded by tropical greenery. Guests can enjoy the peaceful surroundings with authentic Panchakarma treatment, quiet Yoga Sessions, freshly prepared herbal decoctions and Organic Vegetarian Diet based on Ayurveda.People from all corners of India and neighbouring countries visited here for Ayurvedic treatments

Education

Higehtech School

Sri Sankaracharya during the 19th century. Pakaravur Manakkal Sri Chithran Namboodirippad started a school here in June 1946 and it becomes a leading lamp in the path of education. The school was handed over to the E.M.S. Government for a nominal rate of one rupee. At that time Prof.Joseph Mundasseri was the educational minister. Through the glorious deed Chithran Namboodiripad expressed his commitment. Towards the society.
Today the school standing as the shining star of education and culture of mookkuthala.

Program # 4

Create MITS college Website with the help of style sheets, background colours, images, tables, and lists. Create multiple webpages which are easily navigable. Apply floating, mixed, and navigation frames to design the webpages. further references e.g.: Wikipedia c. External, Internal, and Inline CSS.

<p style="color:black;" >At the outset, I must thank you for choosing Muthoot Institute of Technology and Science as your preferred destination for launching yourself as an engineering professional. As engineering professionals, we are bound to provide technological solutions to the world at large. At MITS, its our endeavour to create an ambience that would expose students to problems early on, and train them to be solution providers. Towards this aim, we have created a magnificent infrastructure, comprising of well-equipped laboratories, libraries, classrooms, seminar halls, cafeterias, playgrounds and hostels. We have expert teachers from varying disciplines to guide you through every step. There are plenty of avenues to showcase your curricular, co-curricular and extra-curricular talent, and some links in this website would provide you a glimpse of those possibilities as well. Additionally, inadequacies in existing curriculum are compensated with add-on courses and other specialist industry-guided initiatives. A large pool of students who pursue higher studies after qualifying at GATE, also is a direct indication that our ambience is perfect for multiple roles promoting life-long learning. It is no wonder then, that MITS is one of the preferred destinations for companies searching for young talented professionals. I look forward to your suggestions on how to improve our campus and make it a dream destination for young budding graduates.</p>
